

Top 5 reasons to use the Gum Health Physical

The **Gum Health Physical** (GHP) is an interactive digital tool that has been specially designed for dental professionals like you. This innovative tool has the potential to change patient behaviour, and ultimately helps improve their overall gum health.

Here are the top 5 reasons users have chosen the GHP:

1

Free access

The GHP is a free, online tool. No paid subscription is required.

2

Easy functionality

Three simple steps make the GHP tool easy to incorporate into your daily practice.

3

Case acceptance

Visual guides help patients understand gum disease and the specific areas that they need to address at home.

4

Personalized report

The GHP creates a report that summarizes your recommendations for each patient. It is easy to share via email or print out.

5

Record of gum health education

Ability to save a PDF of the GHP patient report to patient's electronic file, which allows for a convenient record of gum health discussions with your patients.
